- ◆ **A full day training course to develop your skills and knowledge in providing newborn life support.**
- ◆ **A combination of lectures, skills stations, scenarios and assessment.**
- ◆ **Enhance your learning in a supportive team of midwives, nurses and doctors from maternity and neonatal practice areas.**

We recommend that CDHB staff who attend births and provide newborn life support attend the NZRC NLS course once **every 3 years**.

For midwives, yearly compulsory update for the Midwifery Council Recertification Programme can be *either* NLS course or a newborn resus refresher (as part of Emergency Skills Day or PROMPT).

Alternatively NLS can be counted as 8 hours of Continuing Education.
