

**Supporting Clinical Learning®**

## **Would you like a new challenge within your clinical environment?**

**The Clinical Liaison Nurse (CLN) role within your areas Dedicated Education Unit (DEU) could be the role for you!!**

Are you:

- A Registered with two years post-registration experience
  - Interested in clinical teaching and learning
  - Working more than 0.6FTE
  - Interested in contributing to the future nursing workforce
  - Committed to providing the best possible clinical teaching and learning environment for students
  - Dedicated to fostering the relationship between the CPIT and CDHB
- 
- *You will work closely with the Academic Liaison Nurse (ALN) to collaboratively provide the nursing students clinical experience. Your CNM, CNS and NE also provide support to the CLN role*
  
  - *You will be given the tools, training and ongoing support to assist you as a CLN.*
  
  - *You will have flexibility with your roster to work with the students while they complete their clinical placement.*
  
  - *The DEU NE supports the CLN and the clinical environment to maintain the DEU principles. They also provide training and additional support to you within your CLN role*
  
  - *The CLN role is recognised as a respected role across the CDHB and often leads to progression into senior nursing roles.*
