

S.T.A.B.L.E. COURSE with simulation

(Post resuscitation stabilisation of newborn)

Friday 31 March 2023

Oromairaki Training Room,
Selwyn Health Hub

0900-1700

This course covers the assessment and stabilisation of sick infants in the post-resuscitation/pre-transport period and is relevant to practitioners in all birthing environments including NICU

The **S.T.A.B.L.E.** mnemonic assists with retention and recall of stabilisation activities that are critical for care of sick newborn infants:

Sugar and Safe Care

Temperature

Airway

Blood pressure

Lab work

Emotional support

For Bookings:

Core Staff: please book on healthLearn at least six weeks in advance to ensure rostered time to attend. Apply to your Line Manager for paid education leave.

LMCs, external staff: please book direct on healthLearn (course code CAMY005). No registration fees for Canterbury clinicians.
